## Biographical Note

Major Ernest Alois Melichar was born on May 24, 1936 in Hamilton, Ontario, Canada. He enlisted in the Army National Guard at the age of 17, after two of his friends convinced him to enlist. He officially joined the Army National Guard on November of 1953 and then transferred to the Air National Guard, where he remained for the next 22 years.

Melichar was part of the 126th Air Refueling Wing, which took part in Operation Ready-Go and Operation Creek Party. He was primarily stationed in the guards Chicago's O'Hare Airport, but he also served short tours in Germany as a part of NATO. His main duty in the ANG had to deal with public affairs, so he never faced any actual combat.

Melichar earned the National Defense Service Medal, the Air Force Outstanding Unit Ribbon, a Marksman Ribbon and a Reserve Ribbon.

## **Scope and Content of the Collection**

The Major Ernest A. Melichar Collection contain official documents, personal letters, correspondence, newspapers and newspaper clippings, memorabilia and photographs dating back to Maj. Ernest A. Melichar's time in the United States Air National Guard.

## **Arrangement**

Most of the collection arrived with no discernible arrangement and was rearranged categorically and then chronologically into series by PMML staff. The exception to this is Series Six. The contents of each scrapbook in Series Six have been kept in their original order. The collection is contained within 3 letter-size boxes and two oversize boxes. The collection is arranged into series according to operations, government documents, newspaper clippings, ephemera, scrapbooks, and photographs.

### **Series One: Operations, Box 1**

This series contains documents pertaining to Operation Creek Party and Operation Ready Go.

### **Series Two: National Guard Association of Illinois (NGAI) Documents, Boxes 1-2**

This series contains documents that deal with the National Guard Association of Illinois. Documents inside the series include a miscellaneous file, letters of correspondence between Melichar and other members of the NNGAI, the NGAI newsletter that was coordinated by Major Melichar.

### **Series Three: Fact Sheets, Box 2**

This series contains various fact sheets in regards to the National Guard and the Air Force of the United States.

### **Series Four: National and ANG Document, Box 2**

This series contains documents that deal with the process of recruiting new members, as well as keeping the member currently serving engaged and interested. It contains several orders, information bulletins, unmarked applications & reports and news releases.

### **Series Five: Subject File, Box 2**

Due to the fact that this collection has broad and at points random items, it was difficult to separate the folders into specific series'. This series has an Ephemera folder, some biographical documents and publications relating to the National Guard and the Air

Force. It also includes orders of mobilization to the National Guard, following the assassination of Martin Luther King Jr.

### **Series Six: Scrapbook, Box 3**

This series contains the scrapbook of Major Melichar. For the majority, the scrapbook contains clippings of newspapers and magazines that talk for the most part about the Air National Guard. Some articles mention operations like Ready-Go and Creek Party. The scrapbook box also includes several photographic images.

### **Series Seven: Oversized Documents, Box 4**

The Oversized Documents file contains several newspapers from the late 1960s up to the mid-70s. One of the focal points of the newspaper articles is Al Johnson's View from the Citizens Newspaper.

### **Series Eight: Miscellaneous, Box 5**

Series Eight contains a vast assortment of items not included in the Subject File series. The contents include schedules, pamphlets, news releases, fact sheets and a couple of random correspondence.

### **Series Nine, Photos, Box 5**

This is the final series of the Melichar collection. This final series contains several photographs and photo negatives. Some of the photos are of airplanes in mid-air refueling or some waiting on the run-way ready to depart or getting stocked. Also included are photos of vehicles and members of the Air National Guard.
