H. Charles McBarron, Jr., 1902-1992

McBarron attended the Art Institute of Chicago and graduated from there in 1925. After graduation, he began a career as an artist-illustrator, working for a variety of catalog publications. A student of history, he became deeply interested in uniforms and their details. It was through his work in the 1930's for the *Infantry Journal* that he met fellow historians COL Frederick Todd and Detmar Finke. He would later help them to found the Company of Military Historians in 1949. His military artwork includes contributions to the United States Army's "Army in Action" series, 155 plates in the "Military Uniforms of America" series, his "American Soldier" series, and other artwork for the Company of Military Historians. His work *The Doughboy*, which has recently been restored, reflects his attention to detail and historical accuracy.
